ABOUT ME

Hello! My name is Marcus Heier. During my 10+ years in the music industry, I have toured the world with various bands, and I have a masters-degree from one of the most prestigious music-school of today. During my 20's I was living, studying and free-lancing in both Los Angeles and London, and in London I also started releasing original music under my own name, focusing on solo-piano.

After COVID, I joined El-Live again, who I worked with early on in my career. I am currently leading a 4-piece Jazz band in Macau, China. We are providing a highly sophisticated environment to the top VIP room in all of Sands China's hotels. Here I perform mainly jazz-drums, but also jazz-piano.

Even though leading a touring band is one of the most fulfilling jobs in the world, studying and exploring composition in an educational environment is where I feel the most at home. I thrive in inspirational environments alongside like-minded artists who also wants to really move music and creativity forward to the next level.
